

CALL FOR PRESENTATIONS (CFP)
2017 Annual Conference of
Association for Applied and Clinical Sociology (AACS)
October 5-7, 2017

“Use Sociology”

Deadline for submissions: May 15, 2017

Open to academics, policy, program and project leaders, business, health care and government professionals who use sociology, the meeting will be a point of mutual learning and growth among practitioners in the field and professionals challenged with building systems for human improvement. Other disciplines are welcome to share their strategies, projects, policies and programs for improving the human condition. This is a chance to move beyond the “Sociological Imagination” to “Sociological Creativity.” Not just “papers,” conference organizers seek innovation and creativity in content and presentation form. Posters submissions are welcomed that highlight research, applied student projects, information about community based resources and activities, and more. AACS has a reputation as a student-friendly conference for both undergraduates and graduate students, featuring [student problem solving](#) and [paper competitions](#).

Professional development pre-conference (Thursday afternoon) workshops will be included in the conference registration fee.
